

The background of the cover is a dark, atmospheric scene. In the upper left, a large, pale crescent moon hangs in a deep blue and purple sky. In the center-right, a tall, dark, slender figure stands on a dark, rocky outcrop. The figure has long, thin limbs and a head that appears to be a dark, open container or a bowl. Its arms are raised, and it seems to be holding or releasing something. To the left of the figure, there is a dark, jagged, and somewhat abstract structure that resembles a pickled vegetable or a piece of industrial machinery. The overall mood is mysterious and surreal.
